

RE: CD-ROM / Paper format Tax Map discount options

Dear Warren County Association members,

As an option to the online version tax maps you currently get via the LANDMAX system, as a WCAR member, we can offer you discount pricing for the CD and/or paper atlas format tax maps. Unlike the online version tax maps, these formats also maintain the **Index maps** for each town, along with an **alpha street listing** you can cross reference to find the map. You can also cut/paste and import these TIFF images into other software.

The following prices reflect the *WCAR* member discount :
